Notice of Permit Renewal for Fish Springs Class II Landfill

Fish Springs National Wildlife Refuge (Fish Springs) has submitted documents for the permit renewal of the Class II non-hazardous solid waste landfill located within the federal wildlife refuge on the northern border of Juab County immediately east of the Fish Springs Range. Fish Springs is a non-commercial landfill that accepts only non-hazardous waste. The Division of Solid and Hazardous Waste has reviewed the permit renewal documents and has prepared a Draft Permit. The *Utah Solid and Hazardous Waste Act* requires a public comment period to receive comments on the permit renewal prior to any action by the Executive Secretary of the Utah Solid and Hazardous Waste Control Board.

The public comment period to receive comments on the permit renewal will commence on October 10, 2007 and end on November 9, 2007. A public hearing may be held if, within 15 days of publication of this notice, a request is made to the Executive Secretary in writing and meets the requirements of Utah Administrative Code R315-311-3.

An unofficial copy of the Permit Application and the Draft Permit will be available for public review throughout the comment period on the Division web page at www.hazardouswaste.utah.gov/hpc-1.htm. The permit application and draft permit can be viewed during normal business hours, or other times with prior arrangement, at the following locations:
